## 7' High Security Housing

Exterior  
Locations

High  
Visibility

Vandal  
Resistant

Customizable

### Vandal-Resistant Hardware

The US-CSH-04 7' stanchion with strobe / locator lamp is designed to house Commend's tamper/weather resistant substations in exterior locations, specifically in parking decks where lower height is required. Both the size and high visibility colors, provide an extremely visible and aesthetic security site for people in duress. The housing is constructed of heavy duty brushed steel, which could be powder coated in a variety of durable finishes. This provides a reliable and attractive housing for the Commend security substation. The US-CSH-04 can be configured to accept a variety of Commend security substations.

### Functions and highlights

#### Freestanding housing

- Height: 84"
- Width: 10"
